Appeals

1. An Appellant may appeal against any decision of EC Certification to refuse or revoke certification by writing to the Certification Manager, clearly setting out the grounds for the appeal and enclosing a cheque for £500 made payable to EC Certification Ltd. This fee is to cover the costs of the appeal (refundable only where the Appeals Panel finds in favour of the Appellant). The process for an appeal to EC Certification is summarised on page 3.
2. The appeal is reviewed by the Certification Manager and if the situation can be resolved to the satisfaction of the Appellant and EC Certification within 14 working days of receipt, it does not progress beyond this point and the fee is refunded.
3. The Certification Manager informs the Directors of EC Certification and the Chairman of the Certification Board of an appeal as soon as it is received. Provisional arrangements are then made for an Appeal Panel to meet within two months of receipt of the appeal. If the appeal can be resolved as detailed in 2 above, the Appeal Panel will not meet.
4. An Appeal Panel is constituted as and when an appeal is received and will consist of three members of the Certification Board in the requisite spread of interests to ensure impartiality and who:
 - have not been directly involved in the decision under appeal and
 - have no direct interest in the decision.

The Chairman of the Certification Board will agree the composition of the Appeal Panel with EC Certification. The Certification Manager shall provide secretarial services to the Appeal Panel but will have no voting rights.

5. The Appellant is given not less than 14 days notice of the date set for the appeal, advised of the constitution of the Appeal Panel and invited to be present. The Appellant has the right to state objections to the constitution of the Appeal Panel within 2 working days of receipt of notice. In this case, the Chairman of the Certification Board will consider the objection and the membership of the Appeal Panel amended if necessary.
6. An Appeal Panel may uphold or quash the decision of EC Certification following a review of the circumstances surrounding the appeal. The Appellant will be informed of the Appeal Panel's decision.
7. All correspondence associated with appeals must be sent by Recorded Delivery.
